December 6th
8:30 AM - 4:30 PM**

**Skyline Madison
Medical Offices,
Madison, TN 37115**

**Register today to
attend!**

"Saving Lives in Tennessee"

A Recovery + Growth Workshop

Clinicians and other professional helpers know that encountering suicide is an inevitable and significant part of their work. However, many lack confidence for this role and feel inadequately prepared. **suicide to Hope** offers a unique training opportunity to improve helpers' preparation to provide effective suicide care.

Through interactive learning and practice, participants will learn to:

- Reflect on their qualities as helpers—the beliefs, values and attitudes they bring to the helping relationship—and how these impact on the effectiveness of their work;
- Describe key features of a hope-oriented, recovery and growth approach to suicide;
- Understand a framework for finding and exploring recovery and growth opportunities in suicide experiences; and
- Apply a Pathway to Hope (PaTH) model for setting and working toward recovery and growth goals

Fee: \$155 now \$70* per participant, **includes:** Training workbook, planning tools for work with clients, 7 CEUs (approved by NASW), lunch, and refreshments.

*TN Suicide Prevention Network is generously sponsoring the cost of the curriculum materials - thank you!

Registration: <https://s2h122019.eventbrite.com>
