

Applied Suicide Intervention Skills Training

ASIST (Applied Suicide Intervention Skills Training) by Livingworks is a training program that teaches participants to recognize when someone may be at risk of suicide and how to intervene to help keep them safe

Course costs are often covered through continuing education programs in most workplaces

Date: **September 25th and 26th**

Time: 8:30am to 4:30pm

Where: **Killarney, Manitoba**

Cost: \$300

REGISTER TODAY

Materials Provided: LivingWorks Workbook. Refreshments and Lunch.

Prerequisites: No prior knowledge is required. Course fees must be paid prior to attendance.

Course objectives: Growth in understanding of Suicidal thoughts and actions, skills to safely, effectively and confidently navigate conversations and interventions for suicide.

Who Should Attend: Everyone 16 years and older is welcome to attend. The more Manitobans who have the skills to identify and intervene in suicidal thought and action, the greater the opportunity we all have to save a life. These skills are of particular importance for parents, those who work with teenagers, First Responders, Healthcare Providers, Managers, Supervisors and Human Resource Personnel.

How to Register: Registration forms can be obtained by email at lindsey@staticinterventions.ca
